# BASIC TRAINING STANDARD

As SRE approved providers we need to ensure that all SRE teachers have access to basic training standards.

These standards include the following:

- Understanding the history of SRE in NSW and the role of the SRE teacher
- Discussing the Special Religious Education Procedures, Code of Conduct, Child Protection and WWCC requirements
- Understanding school protocols
- Planning for and implementing effective teaching and learning
- Creating and maintaining supportive learning environments
- Reviewing, reflecting and assessing personal feedback
- Engaging in professional training and ongoing learning

The basic training will further organise these standards into four domains of **Context, Knowledge, Practice** and **Professional Learning**.

It is recognised that the following represents a minimum standard of training. While this training is intended as **basic entry level** for those new to SRE, approved providers are free to mandate higher requirements. It is hoped, however, that this will foster a culture of **ongoing formation and training** amid teachers who currently do not experience such a culture.

**Basic training is to be conducted and reviewed every five years** with authorised training renewed annually. Approved providers are to ensure that all new teachers are trained.
